

PTCO sign language classes will start up again this fall. The next date for registration will be August 26-27 from 7:00-8:00 p.m. Volunteers are needed to help with phone calls. If you can help, please contact me.

--Elen Zook

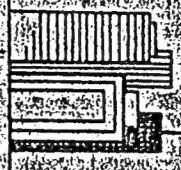

There are several lost-and-found items in the Dean of Students office. These include two pairs of girl's glasses and a boy's watch. If you would like to claim them, come to room 129 or call 924-8403.

Eric Mansfield's (high school math teacher) father passed away this last week. Eric was called to Florida for the emergency and is now in New Jersey taking care of his family's estate. The funeral was in New Jersey on Tuesday, May 28th. Eric will not return to ISD for the remainder of this school year. Cards and condolences may be sent to: The Family of Ira Mansfield, 220 Vreeland Ave., Leonia, NJ 07605.

Parents: Attached are calendars for June, July and August with math activities for our elementary and middle school students. Some are short and sweet; others require more time. Please use those ideas to reinforce your children's mathematical learning. You'll both have a good time and the students will see that you value mathematics. Enjoy your vacation!

--Yvonne C. Johnson, Mathematics Curriculum Committee

JULY

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY												
	1 <p>Many things can be found in the city that beat out a regular rhythm. What things can you find that flash, ring, or tick out a regular beat?</p>	2	3	4 	5	6												
7 <p>How many times can you go down a slide in one minute? Can you go down twice as many times in two minutes?</p>	8 <table border="1" data-bbox="971 365 1159 638"><tr><th colspan="2">Neighborhood Inventory</th></tr><tr><th>What we have</th><th>Number</th></tr><tr><td>Fire hydrants</td><td>6</td></tr><tr><td>Schools</td><td>47</td></tr><tr><td>Street lamps</td><td></td></tr></table>	Neighborhood Inventory		What we have	Number	Fire hydrants	6	Schools	47	Street lamps		9 <p>Take a neighborhood inventory of your own street. Use a list like the one shown to record your observations.</p>	10 	11	12 	13		
Neighborhood Inventory																		
What we have	Number																	
Fire hydrants	6																	
Schools	47																	
Street lamps																		
14 	15 <p>From how many different geometric shapes are the street signs of your neighborhood made? Design a sign for a games area on your street. Try using different geometric shapes, symmetry,.... For some ideas look at <i>All Kinds of Signs</i> by Seymour Chwast.</p>	16	17 <p>Watch to find out how many people walk by your house. Count, for thirty minutes every day for one week. Graph your results at the end of the week. On which day did the most people walk by? The fewest? Watch for animals, cars, trucks, or bikes in the weeks that follow.</p>	18	19 	20												
21	22	23 <p>Guess how many cars are parked on your block or street. Count to check.</p>	24 <p>Open the cupboard door. Guess how many glasses, cups, plates, and bowls are there. Count to check. Graph your results. Of which items in your graph do you have the fewest? The most? The same number?</p>	25 	26 	27												
28 <p>Survey the members of your family and friends about their favorite food. Record the results.</p>	29 <table border="1" data-bbox="120 302 428 596"><tr><th></th><th>Tom</th><th>Harry</th><th>McS</th></tr><tr><th>Mom</th><td></td><td></td><td></td></tr><tr><th>Dad</th><td></td><td></td><td></td></tr></table>		Tom	Harry	McS	Mom				Dad				30 <p>Estimate the thickness of the sidewalk. Use a ruler, meterstick, or measuring tape to check your estimate. In how many other ways could you measure the sidewalk? Find things that are thinner and thicker.</p>	31 	<p>Can I get to sleep? Pick any numeral from 1 through 9. How many pictures can you make by adding straight or curved lines?</p>
